Editorial

Massachusetts School of Art enters its 76th year of educational service in the field of Art instruction. In this academic year of 1949–50, over five hundred students are receiving the preparation which will aid them in meeting the requisites of the art profession.

Our student body is encouraged by the new facilities and equipment being made available in the various classes. This year is marked by the reactivation of our Assembly programs. The Student Association will attempt to better serve its members by aiding with the activities held in our reconditioned auditorium. School activities organized or sponsored by the Student Association need your support.

I wish to express my appreciation to the members of the administration, the faculty and students who so willingly assisted in the compilation of this handbook.

Jhe Student Association

The present Student Association was organized in 1922 on a plan presented to the school by the principal, Dr. Royal B. Farnum. While it is not precisely a student government, the Association has many of the functions of such an organization and is an integral factor in student life. It is primarily an agency for the promotion and supervision of social life and extra-curricular activities, and it has sole control of the financial affairs involved in student enterprises.

The political structure of the Association consists of two inter-related units: the Council of the whole and the Advisory Board. The Council of the whole is the entire membership of the Association, which includes every paid member in the school. The legislative power is vested in this Council, and it must pass on all amendments to the Association's constitution and may make decisions on important questions

affecting the policy of the Association. The executive power is possessed by the Advisory Board. This Board includes the Association officers, the class presidents, the heads of the various student organizations, and a faculty committee. It has the general direction of all student activities. One of the most important duties of the Association is the administration of finances for the various school organizations. The funds received annually from the collection of membership fees are budgeted among the different classes and clubs. Each organization is credited with a specified sum and its expenses are paid from this amount by the Association treasurer as requested by the organization's treasurer. This method centralizes responsibility and simplifies business relations between school organizations and outside concerns.

School Policies

The Massachusetts School of Art is a professional shool on a college level. It is the desire of the administration to have as few rules as possible and still maintain the high educational standards rightly expected of a degree granting institution.

Students are expected to have a serious attitude toward their work. The desire to become a successful creative individual in the professional art field should be manifested by the student reporting to class on time and remaining for the entire period scheduled on the program. It is inevitable that irregular class attendance will be reflected in the achievement of a student. A quality point average of 2 must be maintained for promotion and graduation. Students must accept responsibility in clearing deficiencies, under the guidance of the instructor concerned, and within the prescribed time. Repeated tardiness, irregular attendance or unsatisfactory work will make necessary the student's withdrawing from school.

Due to the nature of the school work, there are no "cuts" allowed as in some other higher institutions of learning. If it is necessary for a student to be absent, the student should consult the dean who will give guidance for the proper procedure to be followed.

All students must keep their materials and clothing in their own lockers. Lockers must be kept locked. The school will not be responsible for the loss of clothing, money or other valuables.

Because the office telephones are for official use only, students should not ask to have personal messages sent here for them. All personal mail should be sent to the student's home and not to the school.

The cooperation of each student is sought in keeping every part of the building clean and attractive.

Bulletin boards have posted on them information of importance and interest to students. On the board outside the Dean's office will be posted official notices to students. On the bulletin board on the A floor will be current information pertaining to student activities. Students should consult these boards daily. Every student is free to take advantage of the friendly guidance offered him. Whether his problems be academic, social or personal, the administrative officers are prepared to give sympathetic counseling.

Library Regulations

The library is open on school days from 8:30 a.m. to 4:15 p.m. It is closed during any assembly period and during the Librarian's lunch period — 12:30 to 1:15 p.m.

General Rules for Library Use

- 1. Quiet should be observed in the library at all times.
- Fountain pens may be filled at the Librarian's desk when necessary, but should be kept carefully away from books and plates.
- Water colors may be used in the Library, provided always that the strictest care is observed in their use on or with library property.
- Tracing from plates, or Reference books, is not permitted except through cellophane to be obtained from the Librarian.
- Students are asked to report books or plates "Lost" or "Found" to the Librarian immediately.
- SENIORS must clear all library obligations by Thursday preceding Commencement.

Circulation of Books and Plates

Books from the Shelves, or from the "Circulation Room" in the South wing of the building, distinguished by a card and book pocket at the back of the book, may circulate for one week and may be charged at the Librarian's desk by the student. If not in demand, the book may be renewed for one week additional. Because the Library does not duplicate books, the time and number of books allowed one student is limited at the discretion of the Librarian.

Plates and Clippings

Plates and clippings from the Information File may be borrowed freely by signing for them on the individual Student Reference cards in the black box on the Librarian's desk. When returned to the desk, this material will be discharged by the Librarian while the student waits. Care should be taken by the student to keep all such material clean and whole.

Magazines

Magazines do not leave the Library except by special permission. Back numbers may be consulted by asking for them at the desk.

Reference Books

At one time, before there was a recognized library in our school, such books as the school owned were all marked "Ref" or simply "R" which meant that they did not circulate under any circumstances. With the granting of the Degree, books were added and our library became an established part of the School. For this reason today this restriction as to "Ref" and "R" may be lifted at the discretion of the Librarian or at the request of an Instructor. ASK ALWAYS about material marked in this manner.

Books on ANATOMY and HISTORIC COSTUME do not leave the Library.

Juvenile books are kept in a special collection, marked "Children's Literature", and may be borrowed by asking at the Librarian's desk.

Overdue Notices

For "Overdue" material, students will be sent for personally by the Librarian. There are no fines, but for this very reason, students are expected to be prompt and considerate in returning material. Carelessness may result in the loss of Library privileges. UNDER NO CIRCUMSTANCES should books or other material be taken from the library without charging at the desk.

Reserve Books

Reserve books are taken from the shelves and placed between book-ends on a table at an Instructor's request. These books are restricted for the use of a particular group, and cannot be borrowed by the school at large. They may be borrowed by members of the group over night and returned promptly by 9:00 a.m. the next morning, having been signed for as usual at the desk. Books may be reserved in advance by applying to the Librarian. Such books should not be taken if a student is not to be in school the next day, nor should the books be passed from one student to another. The library is a carefully selected source of information for you. If you do not find what you want, ASK AT THE DESK.
